enough, since they had to assure the fruits of their crimes, and also their own impunity. In order to obtain that, they then infiltrated Justice officers; and in their capacity as Army, Police, Diplomacy, and University members; and they founded numerous NGO's: they plan crimes from there, but also evidence, in order to blame their innocent colleges who will be surprisingly overwhelmed by evidence; and they accuse with fierceness; and until they make believe, from unexpected angles, that they are not criminals, but their innocents colleges who were working in enquiries and were uncovering plots, and trying to recover justice: I have also lived through all that. This is why I SUSTAIN, without fear to deceive me: YESID VARGAS-CUENCA, COLOMBIAN POLICE OFFICER, has never committed a crime. No crimes at all. Since he has been honest in his work, it is understood that he has been calumniated, and that he will be calumniated. I wish I were allowed to use my Professional Card, to demonstrate the lies contained in the accusations. I am writing today to swear on my words. If the Honorable Judge believes that I should present myself before the United States Embassy to declare, I will be grateful and ready to go. Because it interests me that truth can be seen shining on the innocent name of Yesid Vargas-Cuenca, who I hope soon to hug, as liberated by the force of his own innocence. Thank you very much Your Honor for listening to me. –

Yours Respectfully,

(Signed) - LUIS ALBERTO CAMPOS-RODRIGUEZ
